Gold Award

Step 3: Engineering *Engineer's Week*

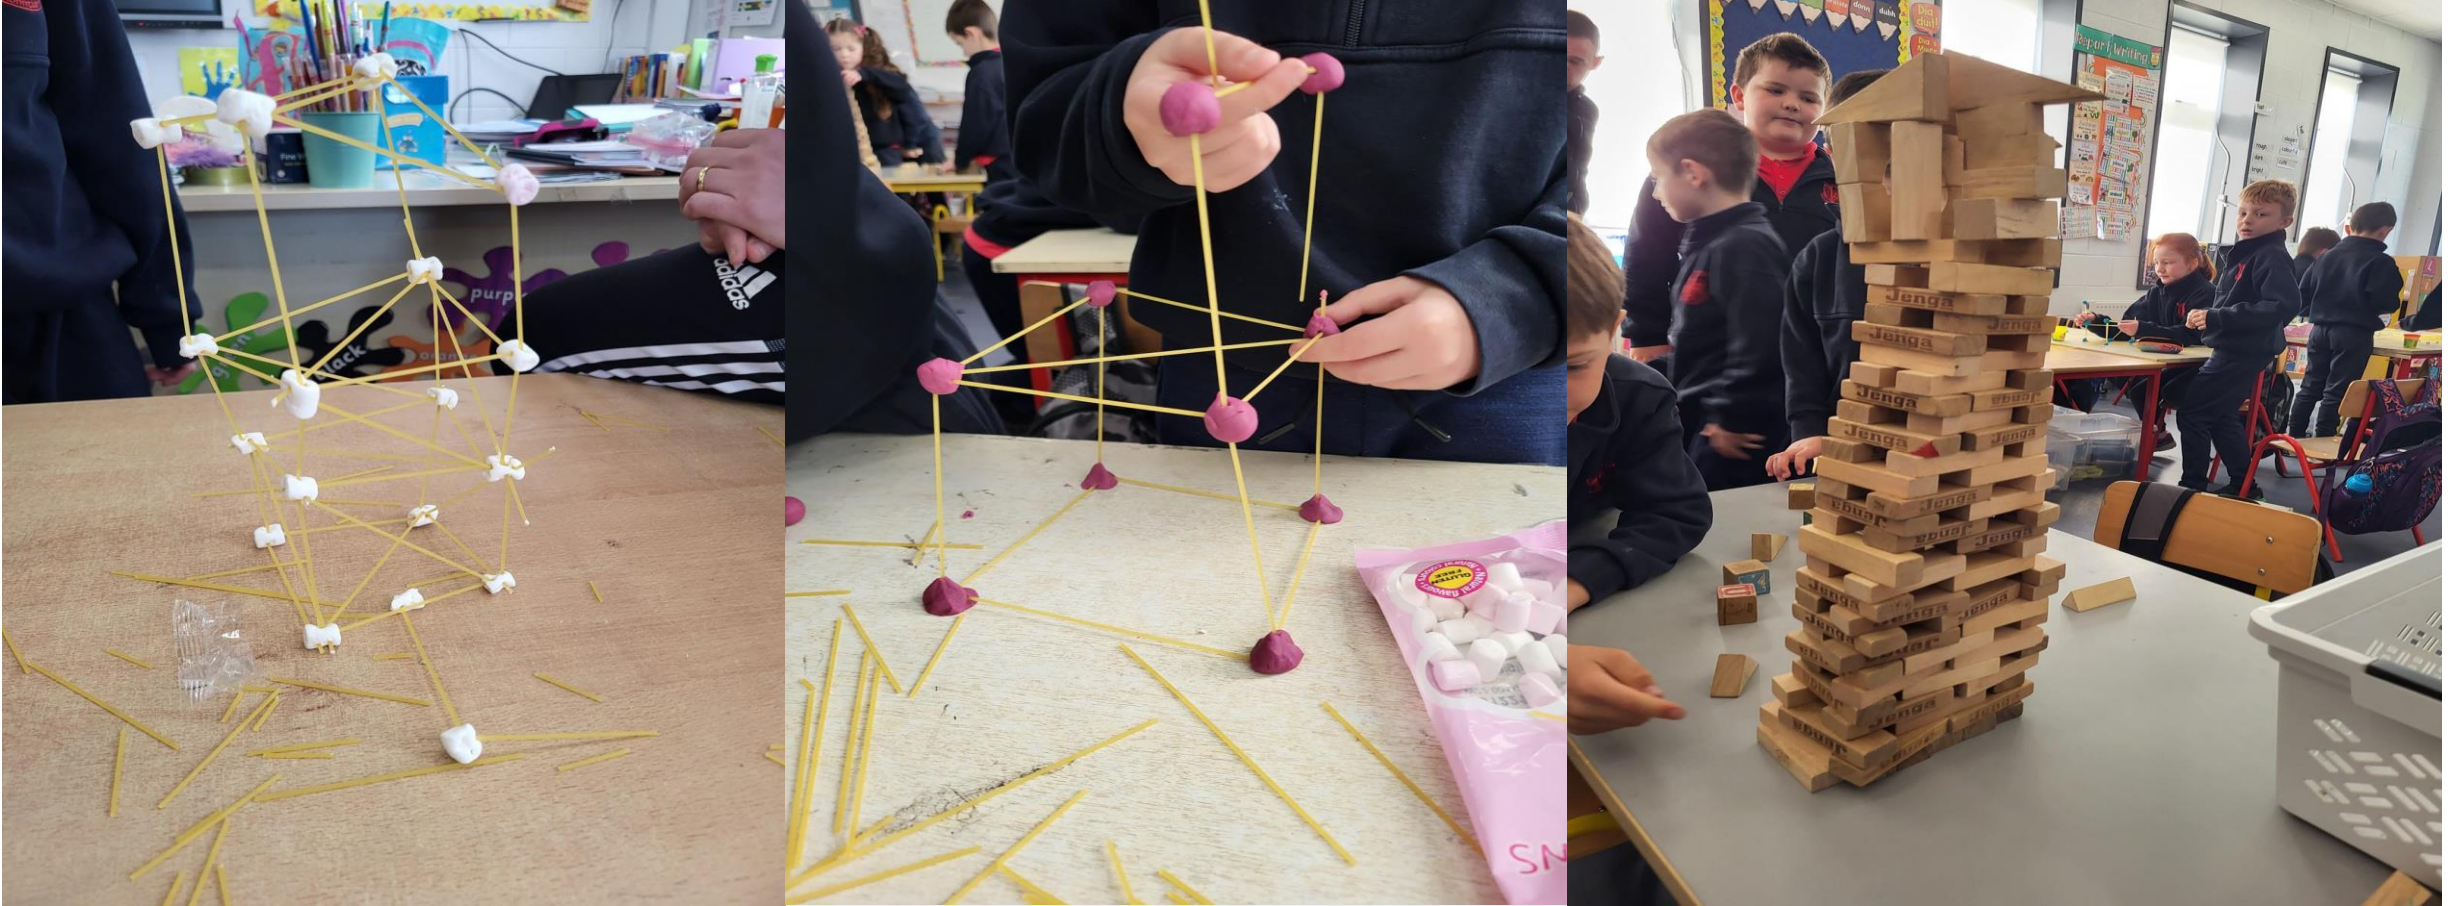

The boys in the Sonas Class did great construction work for Engineers' Week in March.

Gold Award

Step 3: Engineering *Engineers' Week*

The pupils in the Junior Room made lots of imaginative constructions during Engineers' Week!

Gold Award

Step 3: Engineering *Engineers' Week*

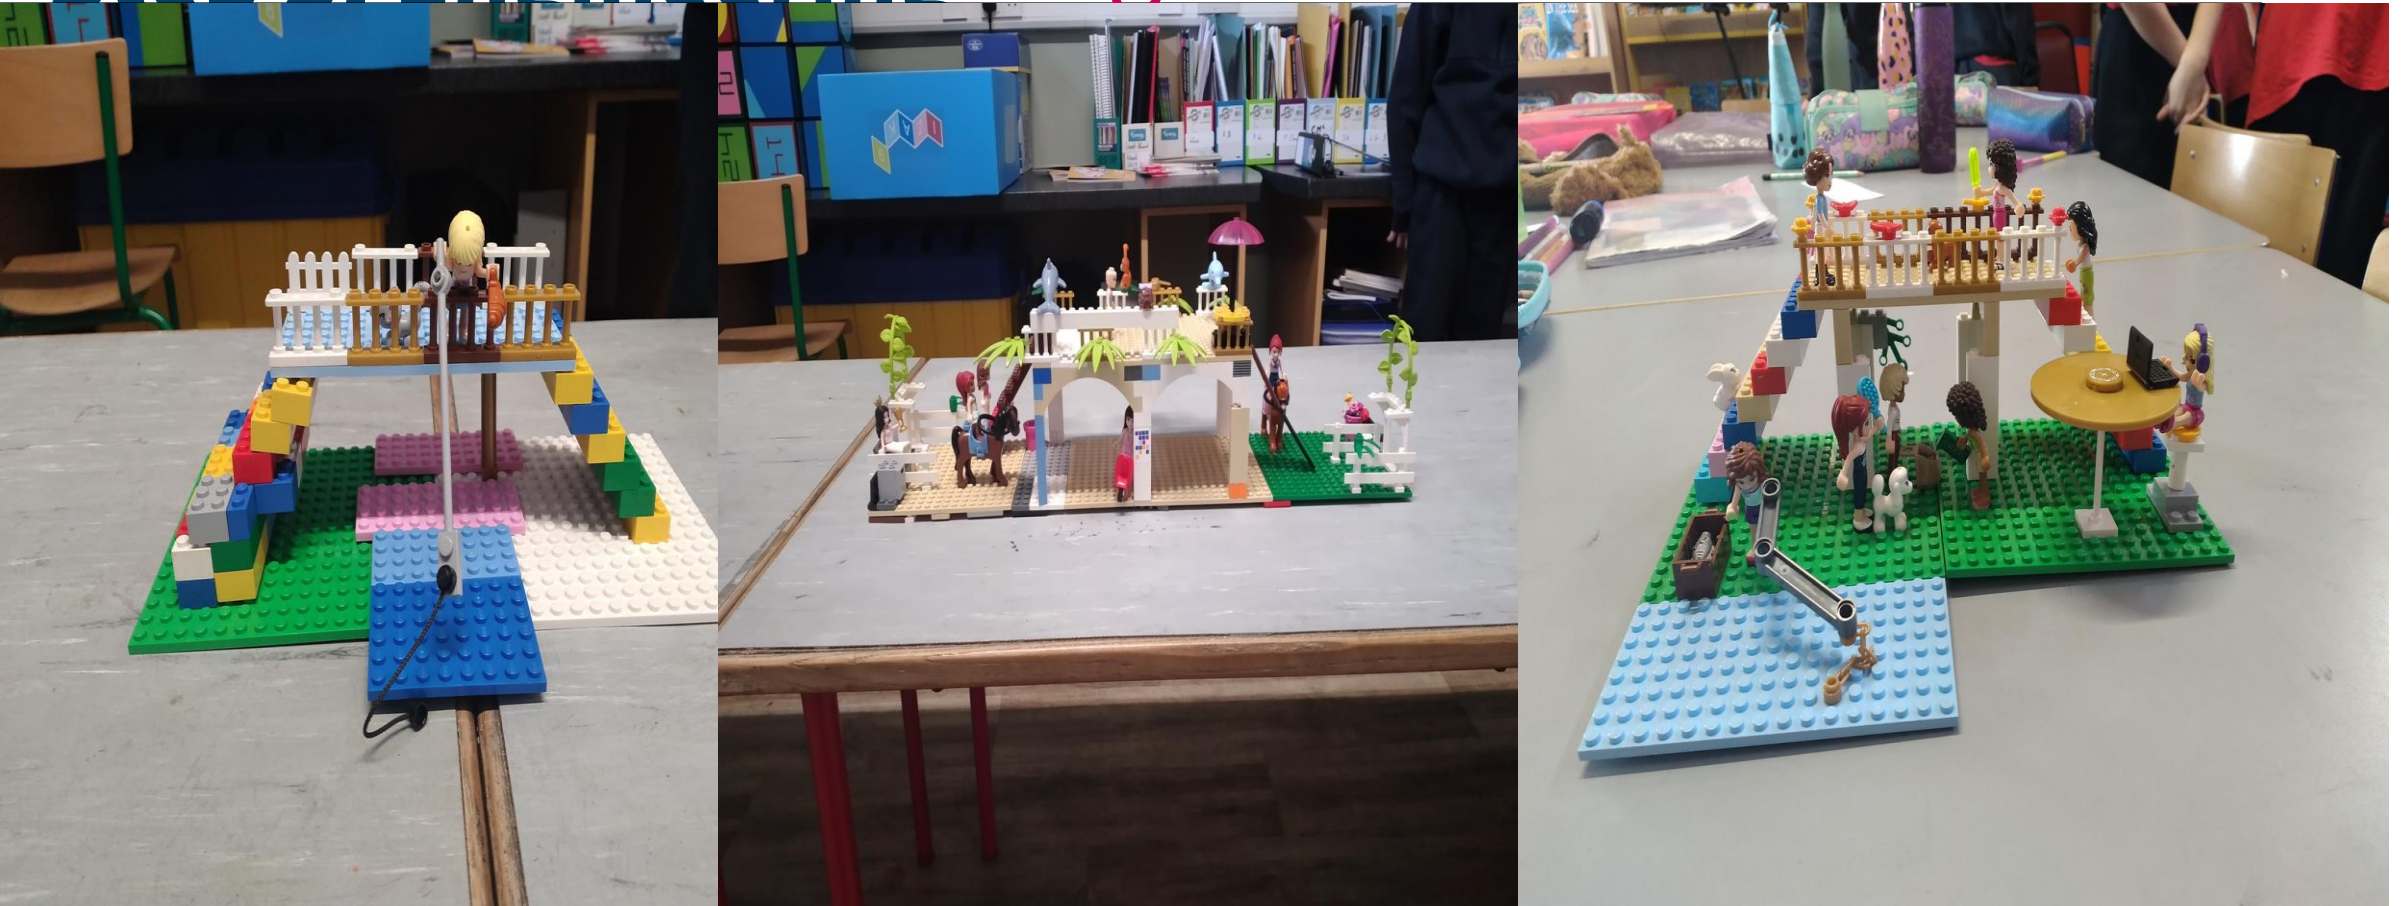

The pupils in the Middle Room would give the famous Engineer and bridge designer Isambard Kingdom Brunel a run for his money with their elaborate bridge designs!

Gold Award

Step 3: Engineering *Engineers' Week*

Up close to some of the bridges constructed by the Middle Room pupils!

Gold Award

Step 3: Engineering *Engineers' Week*

The pupils in the Senior Room used cups and other resources to create elaborate symmetrical structures.

Gold Award

Step 3: Engineering *Engineers' Week*

Senior Room Constructions continued.

Gold Award

Step 3: Engineering *Engineers' Week*

Pupils in 5th Class got the opportunity to use VEX Robotics Kits that we kindly got on loan from Laois Education and Support Centre during Engineers' Week.

Gold Award

Step 3: Engineering *Engineers' Week*

The pupils in the Senior Room worked as engineers to construct a vehicle using polydrons and the associated paraphernalia.
